

SLIDESHOW SOFTWARE

www.Smilebox.com (*careful: cute, but they won't leave you alone . . . ever*)

Free Microsoft Applications:

Windows Movie Maker:

<http://www.microsoft.com/windowsxp/downloads/updates/moviemaker2.msp>

<http://www.windowsmoviemakers.net/Tutorials/HowToVideoSlideShow.aspx>

Windows Photo Story 3

<http://www.microsoft.com/windowsxp/using/digitalphotography/PhotoStory/default.msp>

<http://www.windowsmoviemakers.net/PhotoStory3/>

EASY and limited:

Google Slideshow Gadget

<http://desktop.google.com/plugins/i/GoogleDesktopSlideshowGadget.html?hl=en>

Picasa

<http://picasa.google.com>

Commercial, pay for value:

ProShow Gold: \$69, free for 15-day trial

Very capable, will do it all.

<http://www.photodex.com/downloads/products/proshow/gold>

Photo-to-Movie: \$49, very capable, free trial

<http://www.lqgraphics.com/software/phototomovie.php>

Looks good, I haven't tried:

Photostage Slideshow

<http://www.nchsoftware.com/slideshow/index.html>

and many more: google "slideshow software"
